

The Staff Pastor Parish Committee (SPRC) is looking for someone to perform light custodial duties when our Church Custodian is on vacation or needs to be away for the weekend. This individual's primary responsibility would be to make sure the church is ready for Sunday morning worship and activities and other special services that may need custodial attention, such as a funeral. Typically, this would require one day of work before Sunday and being present on Sunday morning to open the church before worship, being present during worship, and then locking the church up after worship. This is a paid position and would require approximately 14-20 days throughout the year. If you are interested, please contact the Church Office, John Harrits, or any other member of the SPRC.
